I am Diana, a Computer Science graduate with a strong interest in web development and UX design. I am a creative and detail-oriented person who enjoys using technical skills to build functional and intuitive solutions. I am eager to learn and explore new technologies, adapt quickly to different teams and workflows, and contribute effectively to dynamic projects.

Experience

INSTRUCTIONAL DESIGNER (PART-TIME, PROJECT-BASED) | ABC DATA | OCTOBER 2025 – JANUARY 2026

- Designed educational materials for mathematics for grades 9–12 as part of a project-based educational initiative.
- Created clear, intuitive, visually engaging learning resources aligned with curriculum requirements and learning objectives.
- Applied design principles to structure content for clarity, progression, and student engagement.
- Collaborated with educators and project stakeholders to refine materials and ensure pedagogical effectiveness.

PROGRAMMING MENTOR FOR CHILDREN | YOUNG ENGINEERS | SEPTEMBER 2024 – JULY 2025

- Taught children (ages 8–10) fundamental programming concepts using AlgoPlay, a visual coding system with physical and digital blocks.
- Designed and delivered interactive sessions introducing algorithms, loops, conditionals, and problem-solving in a practical and engaging way.
- Guided students through logical sequences and debugging exercises, fostering critical thinking and collaboration skills.
- Adapted teaching methods to different learning styles to ensure engagement and progress for all students.

SOFTWARE DEVELOPMENT INTERN | ABC DATA | JULY 2023 – SEPTEMBER 2023

- Contributed to the development of an educational application for children, designed to help them practice math problems in an engaging way.
- Developed and tested Python scripts for generating math exercises and automatically evaluating answers.
- Collaborated with the team to build interactive features that improved the user experience for young learners.
- Gained hands-on experience with software development best practices, including debugging, version control, and teamwork.

Education

2025- present Digital Media and Game Studies master programe at FSPAC, Babes Bolyai Cluj-Napoca

2021- 2025 Faculty of Mathematics and Computer Science Babeş-Bolyai University, Cluj-Napoca

2017 - 2021 Colegiul National Dragos Voda Sghetu Marmatiei, Matematica-Informatica intensiv
